

Gourmet Cold Beverage Systems

Cold beverage dispenser with patented High Intensity mixing delivers superior drinks consistently

JDF-2S

JDF-2S IC

JDF-2S PC LD
(Lighted Door
with Portion Control)

JDF-2S IC LD
(Lighted Door)

COMMON FEATURES

- A cost effective solution to providing customers with superior juice and other concentrated beverages.
- One dispenser delivers both frozen and ambient products increasing profits by lowering costs.
- Drink consistency assured with the BUNN patented High Intensity® mixing technology.
- Pumps and mixes 2+1 to 11+1 concentrated beverages, including 4+1 high viscosity and 5+1 juices accurately and consistently.
- Quick dispense with 1.0 to 1.5 ounces (29.6 to 44.4 ml) per second flow rate.
- 7" cup clearance accommodates most juice containers.
- 8 lb. (3.6 kg) ice bank provides superior cold drink capacity.
- Advanced concentrate pump designed for easy setup, accuracy and durability.
- Modular dispense deck makes service fast and simple.
- Both push-button and single-size portion control in the same machine.
- Dual dispense allow simultaneous dispense from both dispense heads (juice display only).
- Three size portion control, lighted door models available.
- Preventive maintenance kit: 39690.0000.

Ultra Gourmet Ice® Systems

Frozen beverage dispenser with patented reversing auger technology for superior mixing and freeze

Ultra-2
(All Black)

Ultra-2
(White/Stainless)

AFPO-2 SL
Autofill System
(Total pumping and metering system for liquid product)

COMMON FEATURES

- Patented reversing auger design quickens freeze time and reduces air mixing with product.
- Very simple to program and run with touchpad display, which also guides cleaning and preventive maintenance.
- Internally monitored refrigeration system.
- Liquid autofill models available. Please contact your BUNN sales representative.
- Compatible with BUNNlink®.

International electrical configurations

ULTRA-2 FEATURES

- Full 2-year parts and 1-year labor warranty. 5-year parts and 1 year labor warranty on compressor and 3-year parts and labor warranty on electronics. See the product manual for additional details.

ULTRA-2 HP FEATURES

Enhanced-performance frozen beverage dispenser shortens freeze down times

- High Performance versus standard model comparison:
Ambient Room Temp. Ultra-2 HP is:
70¼F 17% Faster freeze down time
80¼F 21% Faster freeze down time
90¼F 32% Faster freeze down time
Note: The higher the ambient temperature, the greater the improvement over the standard model.

iMIX® Dispensers with 3 Hoppers

Sleek, eye-catching powdered beverage dispenser featuring advanced mixing technology delivers exceptional hot drinks

iMIX-3 PC
(Portion Control)

iMIX-3

iMIX-3S

iMIX-3S+

COMMON FEATURES

- Three, 8-pound (3.6 kg) hoppers
- Lighted front graphics for merchandising.
- Large 4.4 gallon hot water tank.
- Cup clearance of 7.25" (18.4 cm).
- High speed, heavy-duty whipper for complete product mixing.
- Front of machine access for easy service, set up and calibration.
- Spring-loaded, all metal auger drive system for easy hopper installation.
- Left or right-hinged door option.
- Key service components easily accessible through front, top and side.
- High speed, heavy-duty whipper for complete product mixing.

International electrical configurations

iMIX-3 FEATURES

- Compatible with BUNNlink®.
- Low powder product detection system.
- Auger motors with RPM feedback monitoring assure consistent flavors and profits by controlling powder dosing.
- Digital technology adds night mode to prevent pilferage.
- English and Spanish.

iMIX-3S+ FEATURES

- Can be set as push and hold or single size portion control.
- Alphanumeric display allows adjustments and service operational testing from front of machine. Also communicates advertising messages, machine status and technical support contact information.
- English and Spanish.
