UK Facilities Provide BUNN[®] Equipment, Parts & Service

Operators in the United Kingdom and Europe now have more convenient access to BUNN beverage equipment through the BUNN warehouse in Manchester and to parts through the BUNN Ltd. facility in Milton Keynes, England.

“As part of our expanding efforts to support customers in the European Union and surrounding countries, our UK facilities distribute a full range of BUNN products and parts and provide technical / sales support,” announced Neal Robinson, BUNN Senior Vice President International Sales. “In many areas, delivery of equipment and parts is generally available within 3 to 5 days of purchase. In addition, we have posted our product information, manuals and specification sheets on our website for immediate access 24 hours a day, 7 days a week.”

BUNN sales representatives and technicians are available to advise hotel, restaurant, catering and café owners and managers about the most appropriate and cost-efficient systems for their establishments’ specific needs. BUNN beverage equipment is offered with a full factory warranty and backed by factory-trained, BUNNserve[®] certified field technician service.

“BUNN’s full line of coffee systems is engineered to brew quality coffee and we strive to meet the standards set by the Speciality Coffee Association of Europe’s (SCAE) Gold Cup,” Robinson noted. “Now, it’s easier than ever to order and maintain the equipment operators need to make properly brewed filter coffee,” he added. In addition to coffee grinders and brewers, BUNN’s liquid coffee dispensers, iced tea brewers; cappuccino, granita, and juice machines; water boilers; water and coffee filters are available.
